## FOCUS ON THE RHINOLOGY SESSIONS

### Rhinology Topics

- \* Nasal polyposis. The different endoscopic procedures
- \* Balloon sinuplasty in 2015
- \* Septum, inferior turbinate and nasal obstruction. When and how?
- \* The value of the ethmoid unciform process for the surgical approach of the maxillary sinus
- \* The concept of FESS (Functional Endoscopic Sinus Surgery)
- \* Complications of FESS. How to prevent and how to treat?
- \* Dacryorhinocystostomy. Different procedures
- \* The frontal sinus. A surgical challenge
- \* Endoscope assisted repair of nasal septal perforations
- \* Application of Endoscope in obstructive sleep apnea surgeries and design of cost effective Endoscope holder in OSA surgeries
- \* Two-handed endoscopic nasal surgeries
- \* Draf I, IIa or IIb ?
- \* Olfactory cleft diseases and olfactory function
- \* Frontal mucocele ; where is the limit for an endoscopic approach ?
- \* Frontal complications of sinusitis ; the role of the endoscopic approach
- \* Topics in the Movie & E-Poster Challenges

### Anterior Base of Skull Topics

- \* CSF leak. Endonasal endoscopic repair
- \* Ethmoid sinus cancer. The endoscopic resection
- \* Management of intracranial and infraorbital extension of Invasive Fungal Rhinosinusitis
- \* Management of skull base lesions
- \* Management of fibro-osseous lesions of sinus and skull base
- \* How to reconstruct endoscopically the anterior skull base?
- \* Nasopharyngeal angiofibroma
- \* Anatomy of the skull base revisited, IMAGE1 SPIES™ HD (Karl Storz Company)
- \* Tips and Pearls in Endoscopic pituitary tumor surgery
- \* Endoscopic approach to Pterygopalatine fossa & transpterygoid approach
- \* Transnasal Endoscopic management of skull base lesions
- \* Management of intracranial and infraorbital extension of Invasive Fungal Rhinosinusitis
- \* Topics in the Movie & E-Poster Challenges

### Rhinology Faculty Speakers

**Rhinology General Coordinator: L. Castillo (France)**

- |                          |                       |
|--------------------------|-----------------------|
| A. Ozdek (Turkey)        | Ph. Herman (France)   |
| D. Marchioni (Italy)     | Ph. Rombaux (Belgium) |
| E. Racy (France)         | S. Kathirvelu (India) |
| E. Rey (France)          | S. Vlamincq (Belgium) |
| H. Stammberger (Austria) | V. Felix (India)      |
| L. Presutti (Italy)      |                       |

### Special Conference Rhinology

"40 Years of Endoscopes in the Nose, the Sinuses and at Skull Base. A Story of Unlimited Success"

**Pr Heinz Stammberger (Austria)**

*HonFRCS(Ed), HonFRCS(Engl), HonFACS  
Endoscopic Sinus & Skull Base Surgery  
Consultant, Interdisciplinary Skull Base Group  
Professor Emeritus & Senior Excellence Faculty,  
Medical University Graz, Austria*

### The Rhinology Dissection Course

The course will be held in the place of the congress. The number of places is limited to 9 stations equipped with video sets, endoscopes, specific instrumentation and shavers. This will also offer the opportunity to discover the dilation sinus system with surgical navigation.  
**Only a few places still available.**

### Rhinology Technological Workshop

The Technological Workshops will be a great opportunity for the participants to manipulate freely and as much as they want different instruments and specific devices used in different fields of ENT Endoscopy. The experts will share their experience very practically on these open-stands and answer to the technical questions.
